DETAILED ACTION

The Amendment, filed on October 29, 2008 has been entered and acknowledged by the Examiner.

Claims 1, 4, 5, 9 and 10 are pending in the instant application.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Larry Ashery on January 5, 2009.

The application has been amended as follows:

In the Claim

Claim 1 line 11, 'tubular region' has been changed to ---- tubular portion---.

Allowable Subject Matter

Claims 1,4,5,9 and 10 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the references of the Prior Art of record fails to teach or suggest the combination of the limitations as set forth in claim 1, and specifically comprising the limitation of the gas adsorption member being movable within the

connecting portion of the exhaust pipe and having an outer diameter greater than the inner diameter of the tubular portion.

Regarding claims 4, 5, 9,10, claims 4,5,9,10 are allowable for the reasons given in claim 1 because of their dependency status from claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
